가 100 % , 가 .

jQuery Callback Functions

JavaScript

가 , 가 . 가 .

가 가 .

: **\$(selector).hide (speed, callback);**

Examples

가 가 .

With Callback

```
$(document).ready(function () {
  $("button").click(function () {
    $("p").hide("slow", function () {
      alert("The paragraph is now hidden");
    });
  });
});
```

가 , 가 (alert box)가

Without Callback

```
$(document).ready(function () {
```

```
$("#button").click(function () {  
    $("#p").hide(1000);  
    alert("The paragraph is now hidden");  
});  
});
```
