

Sass settings in VS Code

- description : Sass @extend and Inheritance
- author :
- email : shlim@repia.com
- lastupdate : 2021-07-20

1. VS Code extensions > Live Sass Compiler

2. VS Code

(1) Ctrl + Shift+ p > Preferences: Open Settings (JSON)

(2) "settings.json"

```

"liveSassCompile.settings.generateMap": true,
"liveSassCompile.settings.formats": [
  {
    "format": "expanded",
    "extensionName": ".css",
    "savePath": "/dist"
  }
]

```

(3) scss

1. Watch Sass, Watching... CSS
2. "settings.json" dist
3. live server html css가
